

WE ARE PLEASED TO ANNOUNCE THE ARRIVAL OF THE **DRUMIT 5 MK2**

So what is new ?

**Hardware:**

- New rack stand with even better stability
- New Hi Hat Stand
- New & Improved Pedal
- New kick pad design reduces acoustic noise.
- Drum pads have new 5 bolt mounting system as opposed to previous 3 bolt system
- Separate snare stand

**Software:**

The module is now shipped with 1.10 software. (Available for download for existing 2BOX owners)

Key features are:

- Built in Metronome
- Effect Unit (multi tap delay)
- Remix – improved mixing features
- New Output assign – 8 outputs possible
- Changed Cymbal triggering for better separation between bell and bow.
- Un-dynamic trigger curves
- New envelope mode
- Undo/Redo function
- Quicker Kit load time
